

**What is a Veggie Box?** Sometimes referred to as Vegetable Subscriptions or Community Supported Agriculture (CSA), our Veggie Box program will bring delicious, fresh produce straight to your door!

**How does it work?** You prepay for the season and then for 15 weeks during the season (starting mid-June), you'll get a box of a lovely variety of fresh produce grown by our farmers! By working together, our farmers can offer the most diverse vegetable box around!

**What does a Veggie Box look like?** We will pack a wide variety of vegetables, fruits, berries, and herbs in your Veggie Box, a returnable crate each week. Just leave your empty crate for us to pick up. We wash the crates each week.

**Join us in 2014 for weekly**

# Veggie Boxes

**Delivered to your door!**

**What can I expect in the Veggie Box each week?** Because of the seasonality of Garrett County's farms, each week you'll receive a different variety of fresh produce in your Veggie Box! Early on, you'll have lots of greens, green onions, lettuce, radishes, sugar snap peas, strawberries, new potatoes, herbs, etc. Later on we'll add raspberries, peppers, tomatoes, summer squash, green beans, and more! Later still you'll start also getting winter squash, beets, celery, pumpkins, etc. We think the quantity each week will serve a family of four.

**What does it cost?** If you get your Veggie Box delivered to within 2 miles of Rt. 219 between Accident, McHenry, and Oakland, the cost for the season is \$450. You'll get an average of at least \$25 worth of fresh vegetables, berries, herbs, and more each week, delivered to your home or business. And you can always share your Veggie Box with a friend or neighbor!

**Can I pay in installments?** Sure! You can make three monthly payments of \$150. We need at least \$100 deposit to join by June 1. The balance of the \$450 is due September 1.

**How Can I Join?** You can join & pay on our website ([www.GarrettGrowers.com](http://www.GarrettGrowers.com)) or just send us your name, phone number, mailing address, and physical address of the proposed drop off point along with a check made to:

Garrett Growers  
1916 MD Hwy, Ste A  
Oakland, MD 21550
